Letter to Support International Exportation of non-CITES listed Water Samples from the Kingdom of Cambodia

- Re.: - Approval of Minister for Ministry of Environment based on letter No. 179 DBD, dated 30 August 2017.
- Letter No. 124/18, dated 01 March 2018 of Environmental Department of Mondulokiri Province.

To Whom It May Concern;

This is to notify that the pond water samples/specimens were collected by World Wide Fund For Nature (WWF)-Cambodia in Srae Pok Wildlife Sanctuary, Mondulokiri Province, Kingdom of Cambodia from 20 January to 08 May 2017. The 132 enclosed pond water specimens which are not CITES listed and have non-commercial values are intended to be sent to the laboratory of Leibniz- Institute for Zoo and Wildlife Research (IZW) in Berlin, Germany, for eDNA analyses and scientific study purposes.

The findings of this study/research will sent back to General Secretariat of National Council for Sustainable Development/MoE in Cambodia for further references and distributions.

I, accordingly, wish to request the concerned national and international authorities to facilitate the shipment of these samples as appropriate. *AM*

Yours sincerely,

TIN Ponlok

Secretary General
National Council for Sustainable Development,
Cambodia
